Rank LGA's effectiveness on COMMUNITY SAFETY - (e.g., pursue safety legislation, support law enforcement support emergency medical response, fire protection,

| County | Full Time / Part Time | Ranking | Comments |
|---|---|---|---|
| Halifax | (select one) | Good | not really familiar w/ these programs |
| Halifax | Part Time | Fair | Have not heard much in the way of safety issues even though I know of incidences in the communities surrounding the lake. |
| Northhampton | (select one) | Poor | Ive found NWP are not supported in most sub-divisions. That really surprise me especially in the last 2-3 years. Home Owners Associations for our sub-divisions need to be pro-active in preventing the crime sprees of home robberys and vandalisms. |
| Northhampton | Full Time | Good | excellent protection from volunteer fire department, medical response and law enforcement streched to thin |
| Warren | Part Time | Excellent | Articles address important issues. Not sure they are read by members. |
| Warren | Part Time | Fair | Have not heard much in the way of safety issues even though I know of incidences in the communities surrounding the lake. |
| Warren | Part Time | Excellent | I think from what Ive read there is consistent effort to promote safety. |
| Warren | Full Time | Unsure | I think you should have had community input before you told the state to change the speed limit to 45 on eaton ferry road, etc. |
| Warren | Full Time | Good | I wish the LGA would become a clearinghouse for fund raising events by non-profit member organizations.Would like to have one place to go each week to find out things that various local organizations are doing to raise funds--yard sales, raffles dinners, concerts , etc. |
| Warren | Part Time | Excellent | Jack does a wonderful job |
| Warren | Full Time | Fair | More needs to done to keep a police presence in Warren County. |
| Brunswick | (select one) | Good | Have had no specific need as yet. |
